RE:

MARIN RESOURCE RECOVERY CENTER RECYCLING CERTIFICATION

To Whom It May Concern:

The Marin Resource Recovery Center (MRRC), in San Rafael, California, is a Material Recovery Facility that accepts mixed construction and demolition loads, as well as many other types of materials. All incoming loads are sorted and processed to remove recyclable materials.

MRRC provides quarterly reports to the Marin County Hazardous and Solid Waste Joint Powers Authority that are used by that agency for state reporting requirements. Attached is the most recent submission for the 1<sup>st</sup> quarter of 2017. A total of 55,978 tons were received by the facility during the quarter. 38,650 tons were removed from the waste stream and recycled, and 17,328 tons were landfilled. This equates to a recycling rate of 69.0%.

Sincerely,

Neil Roscoe
