

## Ideas for Indoor & Outdoor Collection Containers

Marin Sanitary Service does not provide containers for internal collection. Our carts are intended for curbside pick-up of materials. Check local office supply and hardware stores first. Before purchasing, please keep in mind MSS has a 4 way separation system. Purchasing container colors to match this system makes it easier! **Blue** = recyclable clean paper/cardboard; **brown** = recyclable glass/plastic/aluminum; **green** = organics; **black** = garbage.
